Eligibility for Consideration

Tie-Breaking Procedure

 - Second best FIS point result in the selection period
 - Third best FIS point result in the selection period
 - Fourth best FIS point result in the selection period
- 3) If fewer than five (5) athletes per gender are selected to the team based upon both coaches' discretion and the objective criteria listed above, then U.S. SKI & SNOWBOARD shall ensure that it fields a representative team by selecting as many additional athletes as may be necessary to bring the total team size up to, but not limited to, five (5) athletes per gender based on an athlete's best two individual U.S. Cross Country Championship and U.S. SuperTour races during the selection period, January 2-7, 2022, using the World Cup scoring system outlined in the U.S. SKI & SNOWBOARD Competition Guide. 12 bonus selection points will be awarded to the U23 man and/or woman who wins the OVERALL (above all competitors of every age) sprint qualification of the first sprint at US Nationals (which mirrors the World U23 Championship technique).

Tie-Breaking Procedure

A skier will move ahead in the final championship or trials standings, and on selections lists, based on the following procedures until a tie is broken.

Discretionary Selection Policy

U.S. SKI & SNOWBOARD may select athletes to the team using coaches' discretion. The number of individuals selected through coaches' discretion cannot exceed twenty-five percent (25%) of the total named team. If the coaching staff fills any available spot(s) on the team with discretionary selections, then the staff may consider any factors including (but not limited to) the following:

- 1) Outstanding competition results (including results achieved outside of the selection period).
- 2) Recent direction or trend of competition results (i.e., improving, flat, or declining).
- 3) Illness or injury during the selection period.
- 4) Indicia of medal potential in future Olympic or World Championship competition, which would be materially enhanced by selection to team.
- 5) Other unanticipated failure of objective criteria to select an athlete likely to achieve competition results consistent with U.S. SKI & SNOWBOARD program goals for the World U23 Championships.

Injury Clause

An athlete shall be ineligible for consideration if he/she is not fit to compete at the time selections are made due to any injury or illness from which he/she is not expected to recover adequately by the time of the competitions he/she has been selected for. Such determination shall be at the discretion of the U.S. Ski & Snowboard Cross Country Sport Development Manager in consultation with the U.S. Ski & Snowboard Medical Director, the Head Team Physician, and the athlete's designated physician.

Athlete Replacement Procedure:

In the case that an athlete that has been selected to the team becomes injured or ill prior to the Junior World Championships and is unable to compete, no replacement athlete will be named unless it is deemed that there is sufficient time to make a replacement without disrupting the competition or preparation of other athletes and that the additional athlete would have sufficient time to properly prepare for the competition. This decision will be made by the Cross Country Sport Development Manager after consulting with the President and CEO of U.S. Ski & Snowboard, and the U.S. Ski & Snowboard Medical Director. Should an additional athlete be considered, the same criteria as outlined above shall be followed to select that athlete.
