

TECHNICAL DELEGATE - ALPINE SEASON 2022

APPLICANT REVIEW

This document is intended as a review for individuals who are either newly certified U.S. Ski & Snowboard Alpine Technical Delegates or who are planning on pursuing U.S. Ski & Snowboard Alpine Technical Delegate certification. This Review may be used for independent study, but it must not be used as a replacement for actual attendance at the seasonally required U.S. Ski & Snowboard Technical Delegates' Workshop.

CERTIFICATION EXAMINATION:

Two certification examinations are available for Technical Delegates:

- Technical Delegate Applicant Examination (Level 1) – allowed time limit 1.5 hours
- Technical Delegate Examination (Level 3) – allowed time limit 3.5 hours.

These certification examinations will be available at U.S. Ski & Snowboard-approved Alpine Officials' Clinics. Please refer to Region/Division publications for schedules. The examinations are open book, and they must be administered only at scheduled Clinics. They are NOT TAKE-HOME EXAMS! Completed examinations are retained by the Clinic examiners; they are not returned to the individuals taking them.

Allowing the use of computers in order to complete calculations or "search" rule books is strongly discouraged. The only items that may be carried into the examination area are pencils, calculators, rule books, and continuing education materials. In addition, examination materials (forms, etc.), provided by the clinic organizer are the only documents/forms that will be accepted.

If you have problems with this Study Guide or have suggestions for improvements, please contact the Chair of the Alpine Officials' Education Working Group: aowgchair@gmail.com. Thank you.

U.S. SKI & SNOWBOARD

TECHNICAL DELEGATE - ALPINE

SEASON 2022

PLEASE NOTE: Local health authority restrictions may require ski area management to implement procedures to protect the wellbeing of their employees and guests. These procedures may vary from venue to venue, county to county, and state to state. Procedures which impact your event operations and programs must be relayed to all event officials, Team Captains, and competitors. The procedures must – without question – be respected and observed.

U.S. Ski & Snowboard will continue to maintain a COVID-19 resource page with recommended protocols (usskiandsnowboard.org/covid-19).

There is much information available to us - no one can possibly know it all, but we SHOULD know WHERE to find it. Many sections in this Review will require research by the user; this will aid in the ability to understand the layout of applicable rule books/publications and will reinforce their content.

This Review contains 70 pages. Pages 30 to 70 are forms referred to in the Review. All forms are available in the MPF on the U.S. Ski & Snowboard website.

REFERENCE DOCUMENTS:

The following reference items can be found at the end of this Study Guide and are placed in the order in which they are referenced. Document numbering is not sequential because it agrees with document numbering in the updated “Master Packet of Forms” (MPF), which can be found on the U.S. Ski & Snowboard website. It is suggested that forms be printed for easy reference while using the Study Guide.

I. Introduction and Certifications:

It is the mission and the goal of the U.S. Ski & Snowboard Alpine Officials to strive for excellence in race officiating in order to provide athletes of all levels with quality competitions. The U.S. Ski & Snowboard Alpine Officials Certification Guidelines have been developed to illustrate the pathway for Alpine Officials to develop and progress through the system. These guidelines are suggested competency-based criteria, and an individual's experiences should be considered when considering

promotion. Ultimately, advancement should recognize proven judgment, ability, and service. (Certification Guidelines Mission Statement, 2012)

The goals of the Alpine Officials' community are to provide an education process for new Technical Delegates. It also provides opportunities for current Technical Delegates to continue their education so they can perform their duties with higher levels of proficiency.

As the senior official assigned to an event, the role of the Technical Delegate (TD) is to verify that all components of the event are in accordance with the U.S. Ski & Snowboard Alpine Competition Regulations, (ACR) and/or the FIS International Ski Competition Rules, (ICR).

Similar to FIS Technical Delegate progression, U.S. Ski & Snowboard Technical Delegate I status is reserved for candidate/provisional/applicant Technical Delegates. This allows more latitude should the individual not develop into a proficient Technical Delegate. Advancement is not automatic and requires the approval of the applicable Region/Division Alpine Officials' Committee.

Certification requirements for U.S. Ski & Snowboard Technical Delegate Applicants/Candidates include:

1. Level 1 Timing & Calculations and Level 2 Referee, or
2. Level 1 Timing & Calculations, Level 1 Chief of Race and Level 2 Jury Advisor, or
3. Level 1 Timing & Calculations, Level 2 Chief of Race and Level 1 Jury Advisor.
4. Nomination and 2 seconds from an upper-level Technical Delegate [**Refer to #68. TD Candidate Nomination**]

After fulfilling the above requirements, a Technical Delegate "Applicant" must:

1. Pass the Technical Delegate Applicant (Level 1) exam with a score of 75% or better.
2. Shadow at two U.S. Ski & Snowboard-sanctioned events under the supervision of a Level 3 or Level 4 U.S. Ski & Snowboard Technical Delegate or FIS Technical Delegate.
3. Prepare and file U.S. Ski & Snowboard race result packet for each shadow assignment with respective AO Chair. (Race penalties, if required, must be hand calculated.)
4. Receive favorable written evaluations from both supervising Technical Delegates [**Refer to #69 TD Candidate Performance Evaluation**].

After completing shadow assignments, the Applicant, under the supervision of a Level 3 or Level 4 U.S. Ski & Snowboard Technical Delegate or FIS Technical Delegate must:

1. Perform the actual duties of a Technical Delegate at a U.S. Ski & Snowboard-sanctioned event (final evaluation).
2. Prepare and file U.S. Ski & Snowboard race result packet with respective AO Chair. (Race penalty, if required, must be hand calculated.)
5. Receive a favorable written recommendation from the supervising Technical Delegate [**Refer to #69 TD Candidate Performance Evaluation**].

U.S. Ski & Snowboard Level 2 Technical Delegates who have fulfilled all requirements and who wish to advance to Level 3 must:

1. Pass the respective written exam with a grade of 80% or higher. The examination covers all aspects of race organization and documentation.
2. Shadow a Level 3 or Level 4 U.S. Ski & Snowboard Technical Delegate or FIS Technical Delegate at a speed event (DH or SG).
3. Prepare and file U.S. Ski & Snowboard race result packet with respective AO Chair. (Race penalty, if required, must be hand calculated.)
4. Receive a favorable written evaluation from the supervising Technical Delegate.
5. Following nomination by Division/Region, be approved for advancement to Level 3 by USA Technical Delegates' Working Group at the annual U.S. Ski & Snowboard Congress. (*Nomination/approval also required for advancement from Level 3 to Level 4 Technical Delegate.*)

A "shadow assignment" is more than just showing up on race day. Any individual who is fulfilling their shadow assignment requirements should be prepared to participate in all pre-race, race day, and post-race duties and responsibilities. Pre-event communication with mentors is strongly recommended.

Advancement to Level 3 or Level 4 is not automatic. In addition to Division/Region nomination, acceptance by the U.S. Ski & Snowboard Alpine Technical Delegates' Working Group and approval of the Working Group's regulatory sub-committee are also required.

When assigned to an event, a Technical Delegate Candidate should:

1. Initiate *and maintain* contact with the supervising Technical Delegate.
2. Initiate *and maintain* contact with the Organizing Committee.
3. Initiate *and maintain* contact with the Race Administrator.

The Organizing Committee (OC) must provide the Candidate with a Jury radio and lift access. The OC is not responsible for the Technical Delegate Candidate's travel, housing, meal, or miscellaneous expenses; *the Candidate is not entitled to U.S. Ski & Snowboard Technical Delegate's daily allowance.*

It is highly recommended that a Technical Delegate Candidate not take advantage of a two-gender, two-event competition in order to fulfill their Candidacy requirements. The education achieved by shadowing different Technical Delegates - who may have different management styles - as well as observing and cooperating with different OC's is an invaluable experience. For the same reasons, an independent Technical Delegate who can arrive at an evaluation unbiased by previous experience with the Candidate should administer the final evaluation.

All official documents for shadow and final evaluation events must carry the name of the assigned, fully certified Technical Delegate. The Candidate must obtain copies of all required documents, strike through and insert the Candidate's name and AO number as required. The Candidate then must affix a signature as required.

A U.S. Ski & Snowboard Technical Delegate should work as an assigned Technical Delegate a minimum of two (2) days every season and must work as an assigned Technical Delegate at least once every two (2) years in order to maintain certification levels. [U602.1.8.1]

Yearly attendance at a U.S. Ski & Snowboard Technical Delegates' Workshop is required. Failure to meet the minimum participation and attendance requirements will result in loss of Technical Delegate certification status. [U602.1.8.2, U602.1.8.3]

1. If a Technical Delegate has missed a Technical Delegates' Workshop for 2 seasons, he or she may be reinstated to the previous level by attending an approved Technical Delegates' Workshop. [U602.1.8.4]
2. If a Technical Delegate has missed a Technical Delegates' Workshop for 3 or more seasons, he or she may be reinstated by passing the appropriate examination, e.g., Level 1 or 2 must pass the Level 1 examination; Level 3 or 4 must pass the level 3 examination. [U602.1.8.5]
3. A Technical Delegate may not violate the Technical Delegates' Workshop attendance requirement for a second time and maintain Technical Delegate certification. [U602.1.8.6]

What is the progression of U.S. Ski & Snowboard Technical Delegate? [Refer to current U.S. Ski & Snowboard Certification Guidelines in Miscellaneous Study Guide Tools]

1. Prerequisites
2. Level 1
3. Level 2
4. Level 3
5. Level 4
6. Level 6 - FIS Technical Delegate
(Level 5 is reserved for retired (emeritus) Technical Delegates who maintain U.S. Ski & Snowboard Alpine Official membership.)

All unresolved questions related to U.S. Ski & Snowboard Technical Delegates, and which cannot be addressed by applicable Division/Region Alpine Officials' Chairpersons, should be forwarded to the Chair of the U.S. Ski & Snowboard Technical Delegates' Working Group as noted on the U.S. Ski & Snowboard website.

II. Why, What, Who is the Technical Delegate?

A Technical Delegate may be faced with situations where there is no right or wrong solution. Building upon experience, judgment, and reasoning capabilities will enable a Technical Delegate to develop the ability to assist a Jury in arriving at solutions that are just and are within the scope of the applicable rules.

A. Why are there Technical Delegates?

To assure a consistent application of the race rules, thereby validating the seeding system and facilitating better and uniform races.

B. What is an "ideal" Technical Delegate?

The ideal Technical Delegate should have those leadership qualities that, in cooperation with the Jury, enable the Technical Delegate to:

- Judge situations quickly and correctly
- Order appropriate and timely measures
- Make clear-cut decisions
- Give clear and well thought out directions
- Organize inspections
- Consider how to decide or react on circumstances that may arise
- Be able to ski well

- Be prepared to carry out all administrative duties
- Be able to project themselves in a positive manner

C. What is a U.S. Ski & Snowboard/FIS Technical Delegate?

As the U.S. Ski & Snowboard/FIS representative, the Technical Delegate is the senior Alpine Official at a ski competition. The Technical Delegate is there:

- With the support of the Jury, to arrive at correct decisions to see that all U.S. Ski & Snowboard/FIS rules and instructions are followed;
- With the support of the Jury, to supervise the proper conduct of an event;
- With the support of the Jury, to assist the organizers.

III. Administrative Duties and Responsibilities of the Technical Delegate

Organizer should contact the Technical Delegate well in advance of the event and provide the Technical Delegate with pertinent event information. The Technical Delegate should then notify the Organizer as to:

A. Time of Arrival [602.4.3] [Refer to MPF #11. Advance Information, MPF #22 Technical Delegate’s Event Worksheet]

1. Speed Events (DH/SG) – should arrive 48 hours before 1st draw for training
2. Technical Events – should arrive 24 hours before 1st draw

NOTE: These are “suggested” arrival times. The TD **must** arrive well in advance of first Team Captains’ Meeting in order to review and verify pre-event requirements. An Organizing Committee that requests that the Technical Delegate not arrive until shortly before the Team Captains’ Meeting is in violation of ACR/ICR 602.4.3 and risks loss of liability insurance coverage. Technical Delegates are required to fulfill all the ACR/ICR duties of the Technical Delegate.

B. Duties Prior to the Event:

1. Prior to Arrival: Technological advances now allow the Technical Delegates to perform many of their duties prior to arrival at the site. These include, but are not limited to verifying Event Medical Plan, proposed schedule, course homologation.
 - Reviewing homologation report, including inspection report. Inspector(s)’ suggestions for placement of minimum on-hill competitor security measures are detailed in the inspection report. Due to terrain, snow cover, course set, ability level of field, etc., the Jury may decide that additional measures are required.

Homologation files are available for review on the following websites. Inasmuch as paper copy files in the club/ski area files may be outdated due to natural or artificial changes, changes in regulations, and/or changes in technical requirements, these are the only valid sources for verification of a course homologation:

media.ussa.org/Public/Athletics/CompServices/Homologation/
(Login is required: User ID = **homologation**; Password = **Allout2018!**)

fis-ski.com/DB/alpine-skiing/homologations.html
(Maps, photos, reports, etc. not accessible at this site.)

- Verifying Schedule Agreement has been processed and event insurance is in place
- Reviewing previous Technical Delegate Reports for suggestions/problems and
- Verifying previous suggestions/problems have been addressed

- Reviewing entries and, if applicable, verifying accuracy of seed points
 - Verifying that an Event Medical Plan is available for review
 - Verifying names, memberships, certification, and update status of key support officials, e.g., Chief of Timing & Calculations and Race Administrator
 - Verifying no competitors are on membership hold or pending lists
 - Verifying availability of qualified Forerunners
 - Collaborating with Chief of Race and Course Setter(s) regarding competitor security measures contained in the homologation inspection report as they may affect course setting. *This is an opportunity for a Technical Delegate to mentor Course Setter(s).*
 - Verifying that Chief of Race has already met with or has scheduled a meeting with ski area management and ski patrol to clearly define Jury's area of jurisdiction for the event
2. Upon Arrival: Reviews any items that have not been successfully addressed and:
- In cooperation with Chief of Race, prepares a proposed Team Captains' Meeting Agenda and race-day Program
 - Verifies ski area management and ski patrol are aware of definition of "Race Arena" and how it applies to the Jury's area of jurisdiction
 - Decides on need for Connection Coach(es)
 - Verifies membership, certification, and update requirements are being observed
 - Verifies whether any of entrants are on "Member Hold"
 - Verifies whether any competitors 18 years of age or older are on "Pending" status
 - Verifies whether or not equipment control will be in place and knowledge of equipment protest procedures
 - Inspects condition of the courses
 - Verifies location of start and finish elevations in order to confirm vertical drop meets requirements for level of competition
 - Verifies availability of course maintenance supplies and personnel
 - Verifies availability of required security measures
 - Verifies lift access
 - Verifies availability and location of warm-up area
 - Verifies the entry lists
 - Verifies update status of points list, if applicable
 - Verifies update status of race result software
 - Verifies draw: whether double draw or if computer-generated draw will be used
 - Verifies the technical data: actual start and finish elevations
 - Verifies need for Jury meeting minutes with Race Administrator
 - Verifies the sufficiency of radios for the Jury and Jury Advisors
 - Appoints Referee and Assistant Referee (speed events)

- Verifies homologation of gate poles, gate panels, timing equipment
- Reviews timing installation and procedures
- Verifies availability and placement of first aid service and availability of “Stop the Bleed” kits
- Reviews Event Medical Plan with the Jury
- Reviews projected weather forecast, need for alternate schedule, and if applicable, need for an “Avalanche Control Report”
- Supervises the course setting
- Accompanied by Jury, Connection Coach(es), and Team Captains, inspects course set and on-hill competitor security measures
- Stays aware of need to evaluate situations that may increase inherent risks of sport; e.g., equipment on course, placement of all on-hill personnel, coaches, media, etc.

NOTE: U.S. SKI & SNOWBOARD-SANCTIONED NON-FIS EVENTS: *Jury members, Jury Advisors (Start & Finish Referees), Chief of Course, Course Setters, Chief of Timing & Calculations, and Race Administrator are required to be current, appropriately certified, members of U.S. Ski & Snowboard as a Coach or Official [U601.3.1 - U601.3.7]; biennial Continuing Education Clinic attendance also required. Competitors are required to have an appropriate competitor’s U.S. Ski & Snowboard membership [U203.2]. Forerunners must have an appropriate U.S. Ski & Snowboard membership: e. g. Competitor, Non-Scored Athlete, Master, General or Short-Term Athlete membership. Qualified members of foreign federations recognized by FIS must hold a valid U.S. Ski & Snowboard membership in order to serve as a Jury member, Jury Advisor or Course Setter at any U.S. Ski & Snowboard-sanctioned scored or non-scored, non-FIS event.*

A U.S. Ski & Snowboard Coach or Official member whose membership status on the U.S. Ski & Snowboard website membership roster is marked “PENDING,” has not completed membership requirements, e.g., Safe Sport training, background screening, or Coaching Fundamentals Course, and they must not be granted venue access or appointed to serve as Jury members, Jury Advisors, Chief of Course or Course Setters.

Except in specific instances where the event has been pre-approved (CAN-AM events), all coaches must have a current Coach membership in order to participate in any capacity at a U.S. Ski & Snowboard-sanctioned event; e.g., on-hill coaching.

In addition, any athlete who turns 18 years of age during the competition season will receive notice of requirement for background screening. U.S. Ski & Snowboard must receive a screening determination within 45 days from the member’s birthday. Membership will become inactive on the 46th day, and athlete shall not be allowed to participate in any capacity in U.S. Ski & Snowboard events until their membership is current.

Depending on level of event, additional items of concern include, but are not limited to the following:

- Official confirmation from U.S. Ski & Snowboard is required in order to alter U.S. Ski & Snowboard National Points. Confirmation may be by letter, fax, or email; confirmation must originate from U.S. Ski & Snowboard National Office staff.
- Race result software must have the capability to produce and electronically transmit Official Results and Penalty in the approved format (XML) to U.S. Ski & Snowboard.

- Timing equipment that meets homologated specifications is mandatory at U.S. Ski & Snowboard-scored events. Please refer to the current U.S. Ski & Snowboard ACR or FIS “Timing Booklet.” If timing software is used to calculate times, it must calculate net times using the same precision of ToD as used in the timing device.
 - Accuracy of Seed/Draw Board, if applicable to level of the event
 - Accuracy of quotas, if applicable to level of the event
 - Foreign athletes with current FIS inscriptions and who want to compete in U.S. Ski & Snowboard events must complete U.S. Ski & Snowboard membership requirements and be issued an “X” membership. FIS Points for these competitors must be used for seeding and the Penalty calculation. *Foreign competitors with current U.S. Ski & Snowboard National Points must be seeded with their U.S. Ski & Snowboard National Points. Their U.S. Ski & Snowboard National Points must be used in the Penalty calculation even if their U.S. Ski & Snowboard National Points are higher than their FIS Points. (Competition Services must be notified if FIS Points are used in the calculation of a national penalty.)*
 - Travel Letters – foreign entries in a U.S. Ski & Snowboard FIS event: Only National Ski Associations are entitled to make entries for international competitions. If a National Ski Association issues an entry authorization (travel) letter, U.S. Ski & Snowboard allows non-U.S. Ski & Snowboard athletes training with U.S. Ski & Snowboard clubs or attending USA schools/colleges/universities to be entered by their coaches.
 - Every non-USA athlete’s authorization letter must be submitted to chip.knight@usskiandsnowboard.org; *it must also be sent to the Regional Manager for the Region where the athlete is training.*
 - Letters must be submitted directly by the respective National Ski Association; they will not be accepted if forwarded by the coach or the athlete.
 - U.S. Ski & Snowboard will create a summary of these authorizations and will post that summary on the U.S. Ski & Snowboard website so Race Administrators and Technical Delegates can be confident of their validity.
 - Foreign entries that are not submitted by the actual National Ski Association and for whom no authorization letter has been submitted to U.S. Ski & Snowboard for verification must not be accepted.
 - Authorization letters will only be recognized for FIS category and below. Entries for Nor-Am Cup and National Championships must be submitted directly by the respective National Ski Associations.
 - Several nations, e.g., Austria, Canada, Great Britain and Spain, currently do not issue authorization (travel) letters; entries for competitors from these nations must originate from the respective Federation.
 - Electronic draw/seed boards must have the capability to simultaneously and legibly display the entire competition field. Simultaneous display of all competitors allows all Team Captains and officials to verify the overall accuracy as well as additions and deletions to the starting order in “real time.” *Using the race result software to display portions of the competition field is not acceptable.*
4. Race/Training Day Schedule
- a. A maximum of two scored DH or SG races, or one scored SL or GS race, per gender, may be calendared per day by an organizer. [U202.2]

- b. In cases of *force majeure* where more than two DH or SG races, or more than one GS or SL race, per gender, are conducted in one day and in one place, then the official Program showing inspection times, start times, course reset/redress times and start intervals for all races must be included with the race results packet submitted to U.S. Ski & Snowboard. [U202.2.1]
 - c. By signature on the Technical Delegate Report, the Technical Delegate confirms that the rules were followed in the execution of this procedure. [U202.2.2]
5. Team Captains' Meeting [**Refer to MPF #24. Program/Team Captains Meeting Minutes**]
 Team Captains' Meetings are an actual meeting, attended in person by Team Captains, Jury, and race officials is a critical and mandatory part of the competition and is important for communication of Jury instructions, support of the Organizing Committee (OC), as well as conveying requests and information. It is also a critical element for risk management and liability-related matters. [621.8, 604.3]
- a. Reviews entries accompanied with a "Ski Up Agreement" [U607.5, U607.5.1, U607.5.2]
Some Divisions allow athletes to ski-down in class; verification of an athlete's intent to "ski down" in class must accompany the entry.
 - b. Verifies appointments of Referee and Assistant Referee – DH/SG; Referee – GS/SL
Appointments of Referee and Assistant Referee should be made from among the most qualified, appropriately certified (Referee) individuals present. Inasmuch as these individuals are the competitors' representatives on the Jury, the Referee and Assistant Referees should be appointed from among the coaches present for the event and who have athletes entered in the event.

NOTE: Referees, Assistant Referees and Course Setters at all U.S. Ski & Snowboard-sanctioned events – both scored and non-scored, must be certified Referees [601.4.10, U603.1.1]. Jury Advisors (Start/Finish Referees) at all U.S. Ski & Snowboard events – both scored and non-scored, must be a certified Referee, Jury Advisor or Chief of Race [601.3.3, 601.3.4].

NOTE: Assistant Referee may be assigned for technical events for training purposes only. They participate with the Jury but are not members of the Organizing Committee. They have neither voice nor vote in Jury meetings and their names do not appear on the official race documentation [U601.2.5]. *An Assistant Referee may be appointed for Parallel events if required in order to control both courses,*

- c. Accepts nominations for Course Setters
- d. Appoints Connection Coaches
- e. Connection Coaches: One or two are appointed depending on type and level of event
 - 1.) Serve as liaison between all Team Captains and the Jury
 - 2.) Serve as on-hill "Eyes of the Jury"
 - 3.) May supervise yellow flag zones in DH and SG
 - 4.) Have voice but no vote in Jury matters/decisions
- f. Reviews "U.S. Ski & Snowboard's Concussion Policy" [**part of U.S. Ski & Snowboard Membership Application**]
 - 1.) Athletes with suspected concussion – including those with the U.S. Ski & Snowboard General or Short-Term Athlete memberships – must be immediately removed from training/competition
 - 2.) U.S. Ski & Snowboard Competition Services must be notified of injury

- 3.) Athlete must not be allowed to train/compete until evaluated by medical personnel as required by “U.S. Ski & Snowboard’s Concussion Policy” and released to return to training/competition [**Refer to MPF #58. Parents’ Letter & Concussion Medical Evaluation Form**]
 - 4.) For athletes under the age of 18, a properly executed “Concussion Medical Evaluation Form” requesting return to training/competition must be signed by parent/legal guardian, not the coach or trainer.
 - 5.) U.S. Ski & Snowboard Concussion Policy includes any U.S. Ski & Snowboard athlete, not just minor athletes and includes those with U.S. Ski & Snowboard General and Short-Term memberships. Additional U.S. Ski & Snowboard Concussion Policy information is available on the U.S. Ski & Snowboard website.
- g. Make comments - briefly explain rules that will be enforced, e.g., late starts, equipment control, high speed skiing in public areas, etc.
 - h. Verify accuracy of the Seed Board and the Draw, if applicable

NOTE: According to U.S. Ski & Snowboard and FIS rules, the draw must be conducted (or confirmed) at a Team Captains' Meeting. An actual meeting, attended in person or online by Team Captains, Jury, and race officials is an inseparable and mandatory part of the competition and is important for communication of Jury instructions, support of the OC, as well as conveying OC requests and information. It is also a critical element for risk management and liability-related matters. [**621.8, 604.3**]

With the approval of the Jury and at a time and place announced to all Team Captains, and where a computer-generated Draw has been approved or is not required (e.g., YSL where TRS by class and gender is used to determine the start order), an informational meeting is still required but may be held either early in the morning prior to an event, or immediately after the completion of an event for the next day's event.

For all Team Captains’ Meetings for all U.S. Ski & Snowboard-sanctioned events – both scored and non-scored, and regardless of where and when they occur, an Attendance List must be available and signed by everyone attending the meeting. Meeting Minutes must be generated and must be included in the submitted race result packet.

For U.S. Ski & Snowboard non-FIS events, the Jury can authorize a computer-generated draw for the first seed. (Only exception to U.S. Ski & Snowboard rule would be U.S. Ski & Snowboard non-scored events, e.g., YSL, where Start Lists are prepared according to TRS – random draw within class and gender. Verify accuracy of special seeding, e.g., “Golden Rule” Seeding, if applicable [**U621.3.1**]

- i. Consider use of snow seed, if applicable
- j. Discuss race day schedule
- k. Discuss whether or not first-run NPS, DNF, and DSQ competitors will be allowed a second run (Applies to scored events; these competitors are allowed second runs in U.S. Ski & Snowboard non-scored events.)
- l. Verify Start Referee and Chief of Timing have a method of indicating difference between 2nd Run qualified athletes and 1st Run NPS/DNF/DSQ athletes on 2nd Run Report by the Referee
- m. Verify start times: e.g., Forerunners, snow seed (if applicable) and first competitor

- n. Verify “freeze times” (time when all coaches must be in place and movement must cease)
 - o. Verify location of yellow zones
 - p. Verify format/location of Official Notice Board
 - q. Verify whether DSQ’s will be announced, posted online, or physically posted
 - r. Review projected weather forecast and need for “Avalanche Control Report”
 - s. Review location of all medical services including “Stop the Bleed” kit(s)
 - t. Review/approve Event Medical Plan
- C. Duties During the Event
- 1. Works closely with the Chief of Timing & Calculations [**Refer to MPF #42 Timing Checklist**]
 - 2. Works closely with the Jury evaluating equipment, rerun requests, etc.
 - 3. Ensures Jury Minutes are recorded, produced, signed, and filed
 - 4. Ensures the technical conduct of the event
 - 5. Manages technical matters
- D. Duties After the Event
- 1. Considers necessity for special reports concerning additional course security measures
 - 2. Works with Jury regarding sanctions and protests
 - 3. For DHT, helps identify competitors who do not possess the required technical skill and who should possibly be removed from the competition
 - 4. Works with Jury regarding interruptions, cancellation, and other matters not covered by applicable rules
 - 5. Verifies U.S. Ski & Snowboard has been notified of any suspected concussions
 - 6. Verifies that all required “U.S. First Report of Accident” forms have been filed
- Online filing is available and is preferred. The online form can be found at buckner.com/us-ski-and-snowboard/ under **Online Incident Reporting**. After completion of the online form, a copy must be printed for the Technical Delegate and the official event document packet.*
- If online filing is not an option, a paper copy of the “U.S. First Report of Accident” must be filed. The form is available in the MPF on the U.S. Ski & Snowboard website.*
- 7. Verifies content and completes and signs all required documents
 - 8. Verifies race result XML file has been submitted
 - 9. Verifies that required Event Document Packets have been submitted electronically or have been prepared for postal delivery; (*Complete Event Document Packets must be submitted for all levels of U.S. Ski & Snowboard competition – including speed training, SkillsQuest and non-scored competitions.*)
 - 10. Verifies copies of all race-related documents, including injury reports, have been prepared for Technical Delegate’s personal event files (either electronic or paper file is acceptable)

- Informing all personnel of provisional starts or provisional reruns
- Informing all personnel of critical situations requiring Start Stop / Yellow Flag Stop
- Informing all personnel of need to address course or gate issue
- Informing all personnel of Jury decisions; e.g., Program changes, start interval changes, etc.

IV. Practical Duties and Responsibilities of the Technical Delegate

A. Prior to race/training

1. Event course specifications/setting

a. Slalom has to be set as follows;

- 1.) Non-FIS: Number of gates is determined by distance between turning poles. Specific gate types are required e.g., hairpins, verticals, delays (SEASON 2022 Course Setting Specifications – Scored and Non-Scored)
- 2.) FIS: Minimum number of gates = those requiring direction change **[801.2.4]**; decided by rounding up or down of the decimals

b. Giant Slalom has to be set as follows:

- 1.) Non-FIS Number of gates is determined by distance between successive gates and turning pole to turning pole and level of competition
- 2.) FIS: Minimum number of gates = those requiring direction change **[901.2.4]**; decided by rounding up or down of the decimals

c. Super G has to be set as follows:

- 1.) Non-FIS Number of gates is determined by distance between successive gates and turning pole to turning pole and level of competition **[U1001.3.4]**
- 3.) FIS: Minimum number of gates = those requiring direction change **[1001.3.4]**; decided by rounding up or down of the decimals

d. Downhill courses are set as required by the track. In addition:

U.S. Ski & Snowboard assigns race codes for all speed-training runs: Super G and Downhill. U.S. Ski & Snowboard's assignment of a race code is verification of an event's liability insurance. FIS Super G does not include training runs; FIS only assigns codex numbers for Downhill Training runs.

- 1.) Official training forms an integral part of the competition. All qualified competitors entered for the competition must have been entered and drawn in all official training runs; competitors and forerunners must participate in at least one timed training run. ("Drawn" is accepted as meaning, "assigned a start number." It does not mean, "Drawn in the first group.") **[704.1]**
- 2.) Entire venue should be race ready on first training day; e.g., all timing installations, including manual timing, Gate Judges, etc.
- 3.) Competitors and Forerunners should participate in all training runs; participation in at least one timed training run is required in order to take part in the competition.

NOTE: "Special Training Runs" outside of the official training runs do not have U.S. Ski & Snowboard/FIS race code/codex numbers and must not be staged for forerunners or competitors that have not been able to participate in at least one timed training run prior to the actual event.

“Special Training Runs”. Every training run/race must have a U.S. Ski & Snowboard race code number (FIS events also require a FIS codex); this is verification of event liability insurance is in effect. If one or more athletes have not participated in at least one timed training run, and the Jury wishes to allow them to race, the following procedure must be followed:

- U.S. Ski & Snowboard must be contacted; if required, they will contact FIS
- Race code/codex numbers must be assigned
- Program must be prepared to allow the staging of an additional training run
- ALL athletes must be afforded the opportunity to start in the additional training run
- ALL event-related documents: XML file, Program, Jury Minutes, Training Results, etc. must be filed as required
 - e. Non-FIS Parallel events [U1220]
 - 1.) Set distance between gates for all levels of competition
 - 2.) Maximum vertical drop for all levels of competition
 - 3.) Set distance between courses for all levels of competition
 - 4.) Gate flags must be homologated
 - 5.) Except as specifically modified, the rules for SL [800] also apply to Parallel events
 - f. Kombi courses are set as required by the track and the current rules [U1259]. *Athletes must use the helmet that meets the standards for the faster of the two events being contested.*
 - 1.) GS/SL Kombi must be staged on courses homologated/approved for GS.
 - 2.) SG/GS Kombi must be stage on courses homologated/approved for SG.
 - 3.) There is no minimum/maximum number of turns required.
 - 4.) The Jury should decide on the number of runs by the first Team Captains’ meeting.
 - 5.) Except as specifically modified, the rules for SL [800] also apply to non-scored SL/GS Kombi for U16 and younger.
 - 6.) Except as specifically modified, the rules for GS [900] also apply to non-scored GS/SG Kombi for U16 and younger.

NOTE: *Rules are those that apply to the faster of the events: e.g., Slalom/Giant Slalom events are governed by Giant Slalom rules; e.g., Start commands and start intervals.*

2. On-hill competitor security. The Homologation Inspection Report notes the minimum protection required. Terrain, snow conditions, and course set may require additional protection; supplies must be available for installation.
- B. Start Area Inspection
1. Layout
 2. Start gate width and wand height
 3. Start ramp
- C. Course Inspection: The Jury must inspect the course and on-hill competitor security installations; Team Captains are encouraged to attend inspection. Necessary changes to course set and on-hill competitor security measures are the responsibility of the Jury.
1. Accompany Jury/Course Setter/Connection Coaches; *Team Captains’ attendance encouraged. Team Captains who choose to not attend or who attend but do not speak have, by default, accepted course set and on-hill competitor security installations.*

2. Start Area Inspection
 - a. Width and height of start posts: Start Gate width = 50-80 cm (19.7-31.5 in); Wand height: 35-50 cm (13.8-19.7 in.). [FIS Timing Booklet, FIS website.]
 - b. Plane of start area – is it level?
 - c. Snow condition – especially in area where athletes plant their poles
 - d. Start gate mechanism and start wand – are exact replacements available?
 - e. Is protected area available for competitors, if required?
 - f. Is it closed off to the skiing public?
3. Make note of installed on-hill competitor security measures
 - a. Spill zones
 - b. Yellow flag zones: required for DH and SG; GS depends on terrain, condition, course set
 - c. Trees, rocks, etc.
 - d. Fencing
 - e. Crowd control
 - f. Attachment of gate panels to poles. *Buildup of adhesive on tags/labels commonly used to number gates can inhibit the release of gate panels. If this numbering system is used, it is recommended that the tags be placed below the attachment area of the gate panel.*
 - g. Make note of additional on-hill competitor security requirements
4. Finish Area Inspection
 - a. Width and horizontal marking of Finish Line with coloring substance – **[615.2]**
 - 1.) DH/SG
 - 2.) GS/SL
 - 3.) P
 - b. Layout - Does the event being contested affect the specifications for the layout?
 - 1.) Speed events
 - 2.) Technical events
 - 3.) Parallel events
 - c. Snow conditions
 - d. Finish posts, timing equipment protection
 - e. Exit location
5. Following Jury inspection
 - a. Gates numbered and dyed, as required.
 - b. Verify attachment of panels and banners
 - c. Open course for competitor inspection
 - d. Verify Gate Judge instruction/preparation – especially important for single pole Slalom, single gate Giant Slalom and Parallel!
 - e. Verify electronic timing and (manual) hand timekeeping synchronization [**Refer to MPF #43. - U.S. Timing & Data Technical Report**]. *Timing & Data Technical Report is required for all U.S. Ski & Snowboard events – both scored and non-scored.*

- f. Verify Timing & Data Technical Report (TDTR) is being completed/filed
A Timing Data Technical Report (TDTR) is required for all levels of competition, and the FIS TDTR software (available for Windows 8.1, 10, MAC OSX 10.10+) is to be used for preparing and submitting the report for non-FIS events. It can be found on the FIS website at: fis-ski.com/en/inside-fis/document-library/timing-data.

The software does accept “National Race Code” which is used for a U.S. Ski & Snowboard race code (alpha character + 4-digit number); “Competition Codex” line must contain data: “9999” is suggested. In addition, either “CHI – Children,” “CIT – Citizen” or “JUN – Junior” category must be selected Program updates are posted as required; software will alert when an update is available.

The Chief of Timing & Calculations is responsible for submitting the report in XML format to tdtr@usskiandsnowboard.org. The PDF report must still be printed and signed as noted in instructions for preparing event document packets located in the Master Packet of Forms (MPF). The U.S. TDTR in the MPF is intended for making note of items required by the FIS software. *If an event requires calculation of a replacement time (EET), copies of all calculations must be included with the PDF copy.*

- g. Verify size of second run bibbo [621.11.3]
- 1.) Flip 30 or 15 (bibbo) – 30 is standard
 - 2.) If flip 15, Jury decision must be announced 1-hour notice prior to start of first run
 - 3.) If first-run NPS, DNF and DSQ competitors are going to be allowed a second run (applies to U.S. Ski & Snowboard scored events; first-run NPS, DNS, DNF and DSQ competitors are allowed a second run in U.S. Ski & Snowboard non-scored events)
 - 4.) Golden Rule requirements – Adaptive athletes who request special seeding in the first run [U621.3.1] will be seeded in special groups with start order: 16-20; 36-40; 56-60, etc. or according to their first run time, whichever is most favorable. (Placement within groups will be by the result list of the first run.) *In the case of Flip 30 second run, the special group starts in the 31st position or in the position immediately following the first run leader when the flip is other than 30.* [U621.11.3.3]

6. During the Race

- a. 1st Run
- 1.) Position on course. Be at the highest point where trouble may occur.
 - 2.) Shift position as required, to observe
 - a.) Start Area
 - b.) Gate Judges
 - c.) Finish Area
 - 3.) Observe course maintenance procedures
 - 4.) Assist with Report by the Referee [**Refer to MPF #34. Report by the Referee**]

NOTE: Due to *force majeure*, the Technical Delegate may need to prepare, sign and post the Report by the Referee or may assign this duty to another official. A Report by the Referee signed by the Technical Delegate or the Technical Delegate’s designee, is valid.

- 5.) Chair necessary Jury meetings
- 6.) Verify accuracy of Second Run Start List bibbo, second-run starters (DNF, DSQ, “Golden Rule” and distribution, if applicable. [**Refer to How to Prepare a Second Run Start List**]

- b. 2nd Run
 - 1.) Accompany Course Setter, if possible
 - 2.) Accompany Jury for inspection
 - 3.) Verify completion of Timing & Data Technical Report (TDTR)
 - a.) Verify accuracy of data
 - b.) Verify times against timing tapes
 - c.) Verify calculations
 - d.) Steps a) – c) may be deferred to the end of the race.
7. Rules of Protest

FIS ICR Art. **640.1** states the Jury may only accept a protest if it is based upon physical evidence. U.S. Ski & Snowboard ACR **U640.1** supplements this rule with the addition of: “or eyewitness testimony.”

 - a. Art. **640.2** A Jury is only permitted to re-evaluate its previous decisions where new evidence exists that relates to the original Jury decision *but only if the tenure of the Jury has not expired!*
 - b. Art. **640.3** All Jury decisions are final except those that may be protested under **641** or appealable under **647.1.1**
8. Why are these points important?
 - a. Although a Jury may re-evaluate a previous decision, new evidence that relates to the original Jury decision must exist. [640.2]

NOTE: Decisions subject to protest deadlines are not generally subject to the Jury’s re-evaluation.

NOTE: Report of the Referee does not constitute a Jury decision, and its contents are not subject to re-evaluation by the Jury.

PROTEST DEADLINES MUST BE OBSERVED AND RESPECTED! [643]

TENURE OF THE JURY EXPIRES AT THE END OF THE PROTEST PERIOD(S) OR AFTER ALL SUBMITTED PROTEST(S) SETTLED! [601.4.4.2]

 - b. If the Jury is no longer empaneled, they may not re-evaluate a previous decision
 - c. If the Jury is no longer empaneled, they may not alter an athlete’s status; e.g., assign/unassign DSQ based on previously unavailable video, etc.
 - d. Jury decisions are final except those that may be protested [641] or appealed [647]
 - e. Jury Minutes must provide an accurate and factual record of the proceedings. If they are not accurate, do not contain a factual record of the proceedings, the decisions could be overturned on appeal.
9. Study & discuss these situations:
 - ❖ Athlete is disqualified in the 1st Run for committing a gate fault
 - Protest is filed within 15-minute protest period.
 - Based on available evidence/testimony, Jury decides to not allow a 2nd Run
 - Following Jury’s decision, a video is produced showing clear passage
 - “New Evidence” is delivered to the Jury

Status: If Jury is still empaneled, the Jury decision to uphold the DSQ and not allow a 2nd Run can be re-evaluated and 2nd Run start allowed

- ❖ Athlete is disqualified in the 2nd Run for committing a gate fault
 - Protest is filed within 15-minute protest period
 - Based on lack of evidence supporting athlete's claim of clear passage, Jury decides to uphold disqualification
 - While en-route home after event, athlete reviews team video and finds evidence to support claim of clear passage

Status: Jury is no longer empaneled and cannot re-evaluate a decision (provisions of Art. 647.1.1 not met; appeal not possible).

- ❖ Athlete is disqualified in the 1st Run for committing a gate fault
 - No protest is filed prior to expiration of the 15-minute protest period
 - Athlete and Team Captain approach Jury with video showing clear passage

Status: No Jury decision was made regarding athlete's status, so Jury cannot consider "new evidence related to a previous Jury decision." Disqualification stands.

10. Jury Meetings [**Refer to MPF #35. Protest Form, MPF #36. Minutes of Jury Decision (Protest), MPF #37. Minutes of Jury Decision (Without Protest) & Jury Study Problems**]

- a. Proper conduct of Jury meetings
 - 1.) Who may attend? [646.2]
 - 2.) Who may vote? In case of tie? [601.4.5.2, 601.4.5.3]
 - 3.) Minutes signed with votes recorded. [601.4.5.5]
 - 4.) The protesting party may withdraw their protest prior to the Jury meeting. In this case, the protest fee is returned and no minutes are required.
- b. Due Process [224.7] is "the conduct of formal proceedings according to established rules and principles for the protection and enforcement of private rights, including notice and the right to a fair hearing before a tribunal with the power to decide the case."

Prior to the imposition of a penalty (except in cases of verbal reprimands and withdrawal of accreditation), the person accused of an offense shall be given the opportunity to review the evidence being considered and present a defense at a hearing, verbally or in writing. Defense can include, but is not limited to the following:

- Calling witnesses – including athlete and coach
- Questioning witnesses – including athlete and coach – upon whose testimony the Jury relies

Considering information from a witness who is unavailable for questioning by the accused would create a serious issue. It is also unwise for Jury members to discuss a situation and consider possible penalties prior to hearing all testimony. The Jury must adhere to this policy:

- Consider infraction
- Hear and consider all testimony and evidence
- Allow accused person the opportunity to present a defense and review all evidence (question witnesses, etc.)
- Deliberate
- Make a fair decision

- Review, vote and sign prepared Jury Minutes of decision
- Notify affected parties

*A Jury decision that has not included due process may result in grounds for an appeal.

- c. Jury Minutes: At a minimum, Jury Minutes are required for acceptance of an event's Medical Plan, course set, on-hill competitor security installations, and the daily Program. These Minutes require that the Jury members indicate their acceptance of the decisions by noting their vote and affixing their signatures. Jury members must not leave the venue without complying with this requirement.

Jury Minutes for protests/sanctions must contain the following information:

- 1.) The offense alleged to have been committed
- 2.) The evidence (of the offense) reviewed by the Jury
- 3.) The rule(s) or Jury directives that have been violated
- 4.) The penalty imposed – note rule that allows the penalty
- 5.) Names and functions for all witnesses
Names of Start and Finish Referee, if witnesses, should appear only in “Others Present” because they are not members of the Jury. *Listing them under “Jury” and marking “NO” indicates they voted “NO”. It does not mean they do not have voting rights.*

- d. Jury Minutes regarding Delays, Postponements, Terminations or Cancellations

- 1.) If an event (training or part of a race) is rescheduled for a later time slot on the same day, it is **delayed**.
- 2.) If it is rescheduled for a *different day within the same series*, it is **postponed**.
- 3.) When an event (training or part of a race) is started but cannot be finished, it is **terminated**. *This terminology is used even if only one Forerunner starts.*
- 4.) If an event (training or part of a race) cannot be rescheduled within the same series, it is **canceled**, the U.S. Ski & Snowboard race code/FIS codex number is vacated and the event liability insurance is no longer valid. *A new Schedule Agreement will be required. Announcers may use “canceled” to describe an event that has been “postponed.” Announcer’s statement does not affect event; Jury Minutes (W/O Protest) do!*

- e. Other Comments Regarding Jury Minutes:

- 1.) Using “**MUST**” implies an action is mandatory.
- 2.) Using “**SHOULD**” implies an action is strongly recommended.
- 3.) Using “**MAY**” implies an action is optional.
- 4.) Using “**SAFE**” implies an action/situation is “free from danger” and **MUST NOT** be used.
- 5.) “**ASSURE, INSURE and ENSURE**” should not be used.
- 6.) Should you use “will” or “shall”?
 - a.) “*Will*” can imply volition or intention
 - b.) “*Shall*” can imply necessity or mandatory nature of an action and can stray into the neighborhood of **Must!**
- 7.) Jury Minutes must only be written regarding actual decisions. Do not write Minutes similar to: “1st Run completed, no issues, no DSQ’s” or “Team Captain will file an appeal.”

- 8.) Decision(s) regarding sanctions should be prepared on separate form(s).
 - 9.) With the exception of OWG and WSC, the Start and Finish Referee are not voting members of the Jury, and their names must not be included as such on the form. If their presence and testimony are required at a Jury Meeting, it must be noted under section “Others present at the Meeting.”
 - 10.) Jury Minutes for speed events, (DH, DHT, SG), **MUST** include wording similar to the following: “Course and competitor on-hill security inspected by the Jury, found to meet (FIS or U.S. Ski & Snowboard) requirements and with the approval of the Team Captains, accepted as set.”
 - 11.) Jury Minutes must be written for events terminated or canceled after official representatives for all teams have arrived on site. *U.S. Ski & Snowboard Competition Services must be notified of terminations or cancellations as soon as possible: compservices@usskiandsnowboard.org.* (A Technical Delegate Report may also need to be filed.)
 - 12.) Questions not covered by rules: In general, the Jury makes decisions on all questions not clarified by the U.S. Ski & Snowboard Alpine Competition Regulations **[601.4.7]**
- f. As applicable, notify the following of Jury decisions
- 1.) Protesting party for decisions on protest
 - 2.) Team Captains for all event-related issues
 - 3.) Other officials and organizations, as required
11. Jury Minute Review:
- a. Minutes of Jury Decisions - Without Protest (Items may be documented sequentially, using only one form per event.)
 - 1.) Required prior to Team Captains' Meeting to approve Event Medical Plan
 - 2.) After course inspection(s) to approve course set and on-hill competitor security
 - 3.) Before and after a termination of an event
 - 4.) Additional meetings as determined by the Jury
 - 5.) Minutes must contain signatures of Jury members with record of their vote **[601.4.5.5]** (*“Marking “NO” means that official voted: “NO.” It does not mean the official does not have voting rights.*)
 - 6.) With the exception of Minutes for “Mixed Gender” events, Minutes are generated per Jury, per gender and per transmittal #/codex #. *Jury Minutes related to acceptance of the Event Medical Plan for a series of events, may be documented – per Jury/per gender – to contain transmittal/codex #'s for all events in the series.*
 - b. Minutes of Jury Decision – Protest (Only collective sanctions may be documented on 1 form; all others require individual forms.) *Collective sanctions are same-event situations where identical rule violations with identical circumstances and identical penalties are committed by multiple individuals. [224.3] A collective sanction could also be situation where multiple rule violations are committed by one individual.* By rule, Minutes of Jury Decisions - Protest must contain the following:
 - 1.) Offense alleged to have been committed **[224.8.1]**
 - 2.) The evidence of the offense **[224.8.2]**
 - 3.) The rule(s) or Jury directives that have been violated **[224.8.3]**

- 4.) The penalty imposed [224.8.4]
 - 5.) Minutes must contain signatures of Jury members with record of their vote [601.4.5.5]
12. Items to Consider Regarding Sanctions
- a. Use legal procedures – hear all sides
 - b. Accused has the right to be heard (Due Process)
 - c. All facts must be available and presented
 - d. Jury should consider/discuss all options
 - e. Sanction should fit the “crime”
 - f. With the exception of verbal sanctions and the withdrawal of accreditation, the Jury decision must be documented. *Verbal sanctions are not documented in Jury Minutes or noted on Technical Delegate’s Report.*
 - g. Minutes must contain signatures of Jury members with record of their vote [601.4.5.5]

NOTE: Jury Minutes should follow the above guidelines. These are legal/insurance company suggestions.

13. After the Race
- a. Verify U.S. Ski & Snowboard has been notified of any suspected head injuries
 - b. Verify all required injury reports have been prepared/submitted.

- n. Verify completion of TD Accident Report* for a serious accident during training or the race. [**Refer to current copy of MPF #55. Accident Guidelines and MPF #56. TD Accident Report**] *If an accident occurs which requires filing this form, the Technical Delegate must immediately contact Jeff Weinman, U.S. Ski & Snowboard Competition Services for instructions. The Technical Delegate must also coordinate with Ski Patrol and verify information contained in the report.*

NOTE: Not all injuries require Ski Patrol assistance and team representatives must verify that the Jury is aware of any injury that requires report(s). The Jury, or an individual appointed by the Jury, must notify U.S. Ski & Snowboard of injuries at all U.S. Ski & Snowboard-sanctioned events where injury claims may result. An insurance claim for secondary accident insurance for U.S. Ski & Snowboard members cannot begin unless a U.S. First Report of Accident has been filed.

Although foreign competitors are not eligible for secondary insurance, U.S. Ski & Snowboard's insurers must be notified of any injury that may possibly result in a claim so a U.S. First Report of Accident must also be filed for these competitors.

NOTE: In addition to U.S. First Report, an accident that meets the guidelines for serious accident also requires filing of the TD's Accident Report. (FIS events require filing of an additional FIS Injury Report).

- o. Submit expense report [**Refer to MPF #47. Officials' Expense Report**]

NOTE: In addition to reasonable out-of-pocket expenses including transportation, meals, lodging, lift tickets, etc., U.S. Ski & Snowboard Technical Delegates for all U.S. Ski & Snowboard events – both scored and non-scored – are entitled to daily allowance of \$120.00 per travel, inspection, training, competition day. *FIS Technical Delegates serving as the Technical Delegate at U.S. Ski & Snowboard non-FIS events are only entitled to U.S. Ski & Snowboard daily allowance of \$120.00 per travel/inspection/training/competition day.*

NOTE: Preparation of the paperwork and assembling of a race packet for the Technical Delegate's review and acceptance is the responsibility of the Race Administrator. *Technical Delegates MUST know what MUST be submitted in Event Document Packets and are responsible for the accuracy of the content of the packet as well as its submittal.*

U.S. Ski & Snowboard non-FIS individual race result packets may be scanned, assembled in a PDF booklet and submitted as an email attachment to: resultpackets@usskiandsnowboard.org. U.S. Ski & Snowboard race code must be used as the subject of the email; inclusion of injury report must be noted e.g., "U1234 w/injury reports."

- u. **Head Tax Documents & Fees:** U.S. Ski & Snowboard - after automatically deducting waived athletes from the total number of starts - will calculate the amount of Head Tax due and provide a detailed account of expected amounts. This can be found under the Schedule Agreement area of the **club login**. A form showing the expected Head Tax for National, Regional and Divisional (not all Divisions have supplied Head Tax information for inclusion in the calculations) can be printed from that site, verified against your calculation and returned with required Head Tax payments. If U.S. Ski & Snowboard's calculation shows a different amount due, the "Head Tax Exemption Sheet" must be included with payment. *(Copies of all Head Tax documents must be saved in OC's event file.)*

If an OC chooses to use U.S. Ski & Snowboard's online race registration system, the OC needs to login to the Event Administration System using the **club login** to see their Head Tax owed and registration amount collected. Once amount due has been verified and agreement is reached, U.S. Ski & Snowboard will forward the entry fees to the OC.

If a Region or Division that requires additional Head Tax has not supplied Head Tax information for inclusion in the calculations, payment of these amounts will be the responsibility of the OC and should be submitted as directed by your appropriate Region/Division. *Verify procedure for your Region/Division.*

NOTE: Protest and Minutes of Jury Decision (Protest) are in the "might be included" group because not all events have Protests and accompanying Jury Minutes. In accordance with instructions received at FIS TD Updates and implemented at U.S. Ski & Snowboard level, the only items that require Jury Minutes are those with "definite" decisions.

For clarification/additional information, contact:

- U.S. Ski & Snowboard Events: applicable Region/Division U.S. Ski & Snowboard Alpine Technical Delegates' Working Group Chairman as noted on U.S. Ski & Snowboard website.
- FIS Events: Paul VanSlyke, USA FIS TD Commissioner – paul@twitchellsportswear.com

601.4.5.3 and **601.4.5.5** state minutes are to be kept of all Jury meetings; HOWEVER, not all Jury meetings require written documentation.

- Jury review and acceptance of the Event Medical Plan must be documented with Jury Minutes. (In addition to other items, the Team Captains' Minutes must refer to review of the Event Medical Plan.)
- Course approval and acceptance of on-hill competitor security must always be documented with Jury Minutes. *This applies to all events, including speed training and SkillsQuest.*
- A long delay would be documented; a short one would not.
- If a competitor who competed with an incorrect bib is sanctioned, the sanction would be documented; the issuance of a replacement bib would not.

- Monetary fines (FIS only), disqualification, impaired start position, etc., must be documented; verbal sanctions are not documented in Jury Minutes or on the Report of the Technical Delegate.

The “why and when” of Jury Minutes can be discussed at length. The point to remember regarding the content of Jury Minutes is the Technical Delegate’s instructions prevail.

- v. Verify race XML transmission file has been submitted to alpineresults@usskiandsnowboard.org and that receipt has been confirmed. XML file **must** be submitted within 24 hours of event completion; *critical when a points list is closing.*
 - w. Verify Event Document Packet is being submitted – either electronically or by mail; *this is your responsibility!*
14. Items to Consider Regarding Results.
The goal of the U.S. Ski & Snowboard scoring system is to ensure fair and accurate events so earned results represent an athlete’s ability. An accurate scoring system is critical for athlete ranking, evaluation and selection purposes.

Research has culminated in criteria to identify events where athletes score point improvements far beyond expectations. Every scored event will be subject to these filters and events that exceed the threshold of the criteria - a statistical probability of .0001 - will be marked for review by U.S. Ski & Snowboard Competition Services staff and the U.S. Ski & Snowboard Alpine Classification Working Group.

D. Miscellaneous Information

1. Although it is the Race Administrator’s duty to prepare minutes of meetings, e.g., Team Captains Meetings and, with the consent of the Technical Delegate – minutes of Jury meetings, it is the Technical Delegate’s responsibility to verify these documents have been properly prepared, signed and submitted
2. Retain full set of race documents including all accident reports; do not leave the venue without these documents in either electronic or paper copy format
3. Compile and retain personal notes regarding the race and/or the race personnel

V. Interruption of an Event

A. “START STOP” and its Procedures [705.5]

Information regarding “start stop” commands is found in the yellow flag section of DH rules; yellow zones may also be found on SG courses. “Start stop” commands are applicable at all levels of competition. The Technical Delegate is responsible for confirming that all Jury members, Eyes of the Jury, and Jury Advisors have reviewed and are aware of “Start Stop” and “Start Stop/Yellow Flag Stop” procedures. *ANY Jury member, Eyes of the Jury, or Jury Advisor **MAY** call a “Start, Stop” when necessary to address critical situations; no other official is authorized to call a “Start Stop.” Failure to comply may result in a “radio walk-over,” effectively impairing the Start Referee’s ability to receive the transmission.*

NOTE: It is important that the Technical Delegate confer with the Chief of Race and respect area-specific race crew radio protocol; e.g., “Copy,” “Acknowledged,” or “Confirmed.”

1. The command “Start Stop” is called via radio by a Jury member, Eyes of the Jury (a coach positioned at a yellow flag zone), or Jury Advisor when it is necessary to control the departure of the next racer – usually because the preceding racer has fallen and the racer or racer’s

equipment is blocking the course. When this command is issued, the Start Referee must immediately close the start.

2. The command “Start Stop, Yellow Flag Stop” is called via radio by the Jury member, Eyes of the Jury, or Jury Advisor who called the “Start Stop” when it is necessary to control the departure of the next racer and also to “Yellow Flag” (stop) a racer who is already on course because the preceding racer may have fallen, and the racer or racer’s equipment is blocking the course. When this command is issued, the Start Referee must immediately close the start.
3. After closing the start, Start Referee must immediately, and concisely, respond via radio:
 - a. That the start is closed, and
 - b. Must state the start number of the last competitor to have started as well as
 - c. The start number of the competitor held at the start.
 - d. The start referee should ensure that they know who called the start stop.

(Example: “start stop confirmed, number 23 on course, number 24 at the start.” Additional verbiage is discouraged because the Jury channel must be kept clear.)

4. When “start stop” or “start stop/yellow flag stop” is called, Ski Patrol assigned to the event and in radio contact with the Jury, is now on alert that a competitor may require medical assistance.
5. If the Jury/Eyes of the Jury/Jury Advisor call for medical assistance, Ski Patrol assigned to the event first verifies that the course is clear, e.g., no racer is on course!
6. Once Ski Patrol assigned to the event has verified that it has a clear course, it responds to the call for medical assistance.
7. SKI PATROL ASSIGNED TO THE EVENT - NOT COACHES / TRAINERS / OFFICIALS / PARENTS / OTHER COMPETITORS - ARE THE FIRST RESPONDERS!
8. The individual (Jury member, eyes of the Jury or Jury Advisor) who called the “Start Stop” or “Start Stop, Yellow Flag Stop” is responsible for releasing the course hold.
9. The course is reopened at the direction of the Jury: either from top to bottom, bottom to top, or from the position where the incident requiring the “Start Stop” occurred. Yellow flag stops generally require a course clear from the finish (timing) up.

B. Radio Communication Protocol

The following protocol is intended for review and use as a working document to be enhanced and revised in an effort to promote the clearest, most expedited communication for races. The Technical Delegate should establish with the Organizing Committee who is ‘leading’ calls, or if they want the Technical Delegate to lead.

NOTE: *At some resorts, a “Course Clear” is controlled by the Chief of Race or Start Referee. This often depends on the level of experience these officials may or may not have. A long course hold generally requires a clear from the bottom up; a short one (gate/panel repair) may clear from the “start stop” position.*

Course Clear

Example

- Chief of Race - “CR to the eyes of the Jury, clear the hill from the bottom up.”
- Finish Referee - “Finish Referee, clear”
- Referee - “Referee on coaches’ knoll, clear”

- Technical Delegate - *“TD, clear on Upper Peak”*
- Start Referee - *“Start Referee, clear”*
- Chief of Race - *“CR to Start and Timing, course is clear, send the first forerunner (or next racer on next interval if this was a long hold). Out”*

Start Stop NO YELLOW FLAG

Example (slalom event)

- Technical Delegate - *“Start Stop”*
- Start Referee - *“Copy, Start Stop confirmed, number 33 on course, number 34 at the start”*
- Technical Delegate - *“This is the TD, racer 33 is a DNF, equipment blocking the course”*
- Start Referee - *“Copy”*
- Technical Delegate - *“Course clear, Start Start. (or resume Start) Clear to send #34, out”*
- Start Referee - *“Copy, Start Start, racer 34 in gate*
- Start Referee - *“Racer 34 on course, Out”*

Start Stop YELLOW FLAG

Example (GS or Speed Event) Includes Jury Member/Eyes Jury/Jury Advisor

- Jury Member- *“Start Stop, Start Stop, Yellow Flag, @ (Identify Flag location, or the assigned Yellow Flag #)!!”*
- Start Referee - *“Copy, Start is stopped. Racer 56 on course, holding 57. Yellow flag 56!”*
- Eyes of Jury @ Yellow Flag location - *“Yellow Flag out, 56 is stopped. Racer 56 will return to start for a rerun”*

If Medical is not required

- Jury Member - *“Racer 55 is a DNF. Continue hold for B-net/ course repair”*
- Start Referee - *“Copy, holding 57 at start for course repair.”*

If Medical is required - “Medical required at (location).”

- Start Referee - *“Medical notified; in route to (location).”*

After athlete is transported and repairs are complete

- Jury Member - *“Athlete being transported. Repair is complete. (location) is clear. Resume start.”*
- Start Referee - *“Confirm (location) is clear. Finish (or nearest exit location) please notify when medical exits the course.”*
- Finish Referee (or nearest exit location) - *“Medical is clear.”*
- Start Referee - *Confirm course is clear. Please clear from the finish up. Timing?” (Each Jury member/Eyes of the Jury/Jury Advisor clears their section moving up the hill).*
- Start Referee - *“Start is clear, resuming with racer 57 on next interval.”*

NOTE: At some resorts, a “Course Clear” is controlled by the Chief of Race or Start Referee. This often depends on the level of experience these officials may or may not have. A long course hold

generally requires a clear from the bottom up; a short one (gate/flag repair) may clear from the “start stop” position.

C. Other Necessary and Planned Interruptions

1. Course maintenance

Most course maintenance issues do not require a start/stop. Depending on the type and level of event, a Jury may schedule course holds at regular intervals, e.g., after first seed or pre-determined number of starts. An exception is if a broken gate or other material poses an interference to a competitor on the course. Otherwise, experienced race crew members can operate within the start interval.

When it is necessary to have a hold for an extended period of time for course maintenance, the Chief of Course or another Jury member can inform the Start Referee to interrupt the race to complete the task. On fixed interval events, it is common to indicate the requested amount of time in terms of number of intervals - “We will need a 4 interval hold for maintenance.”

2. Timing Hold

Timing hold information is passed along to the jury and others by the Start Referee by radio to Jury positions along the course and voice communication to those in the start area. ANY Jury member or Jury Advisor can call a “Start Stop” when necessary to address critical situations.

3. Start Interval

The designated start interval for “fixed interval” events GS/SG/DH is the time planned between consecutive starts of forerunners and competitors. The start interval duration should be listed on the program for FIS races as it is critical for course workers and officials to know when it is clear to work or communicate between racers. Changes to the start interval **MUST** be communicated over the Jury channel by the Start Referee or Timing.

4. Finish Interval

A finish interval is a decision to start one racer after the completion of the run by the previous racer. The use of a finish interval, though not required, for the last few remaining athletes on the start list may help eliminate unnecessary delays by minimizing the interference of an athlete due to occurring issues on course prior to their start.

5. **START STOP: Important Reminders**

It is important to remember that “Start Stop” is called when necessary to address critical situations by:

- **ANY** Jury member
- **ANY** Eyes of the Jury (Connection Coach, Chief of Course)
- **ANY** Jury Advisor (Start Referee or Finish Referee)

No other official is authorized to call a “Start Stop,” and failure to comply may result in a “radio walk-over” effectively impairing the Start Referee’s ability to receive the transmission.

VI. **Important Updates for Season 2022**

A. Membership

- **Background Screening:** Any athlete who turns 18 years of age during the competition season will receive notice of requirement for background screening. U.S. Ski & Snowboard must receive a screening determination within 45 days from the member’s birthday. Membership will become inactive on the 46th day, and athlete shall not be allowed to participate in any capacity in U.S. Ski & Snowboard events until their membership is current.

- Age Classes: U19 age group has been realigned to U18.
- B. Helmets
For all events, helmet-mounted cameras and/or their mounts are not allowed for use by either competitors or forerunners. The helmets shall have no spoilers nor protruding parts. [U606.4, U707, U807, U907, U1007, FIS Equipment Specifications]
- C. Gate Judges
The Jury along with the support of the Organizing Committee may opt to not use Gate Judges for DH, DH Training, SG, SG Training, and GS, provided they take measures to cover the entire course with sufficient Jury members, Jury Advisors, Eyes of the Jury, and Connection Coaches [U669.3] *Slalom requires regular assignment of Gate Judges.*
- D. Minimum Penalty for Events Not Meeting Vertical Drop Requirement
If an event does not meet required minimum vertical drop (MVD), the greater of the calculated penalty or the minimum penalty of 60.00 shall be applied.
- E. Team Captains' Meetings
Team Captains' Meetings for all U.S. Ski & Snowboard events are to be held either in person or online. Regardless of the format, an attendance list and minutes of the meeting must be generated. [604.3]
- Verify availability of internet connectivity with sufficient bandwidth
 - Choose an online meeting platform and test its functions; e.g., sharing screen
 - Include platform, URL, time, and date in Race Announcement
 - Follow up with log-in information for registered clubs/Team Captains
 - Establish procedure for posting required documents; e.g., Medical Plan, Program, etc.
- F. Documents & Signatures
Rules still require signatures on many documents including, but not limited to TD Report, TDTR, Jury Minutes, Team Captains' Meeting Minutes, Report by the Referee, Protests. Signatures confirm that rules and procedures were followed, and original, signed documents may be required in a legal review.
- If the Technical Delegate agrees to the use of electronic signatures on certain documents, s/he must verify availability of legally-acceptable document signing software, e.g., DocuSign, eSign, etc., which certify signatures with time and date, etc. *Copying and pasting a facsimile of a signature is not legally acceptable.*
- It is strongly suggested that Technical Delegates request copies – either paper or electronic – of all event-related documents.*
- G. Scoreboard & Official Notice Board
The scoreboard as well as the Official Notice Board are usually located at or near the finish. However, the OC may opt to only use an online format for either or both of these items. In addition, an Announcer may be announcing DSQ's. In each case, the rules are satisfied, and unofficial results and other documents such as the Report by the Referee are made available for review. *Rules do not specify which system – acoustic, physical, or online – is preferred.*

Dear Parent or Guardian,

Your athlete is suspected of having suffered a concussion either in training or in competition.

Because of that suspicion, your athlete has been removed from training and competition and will be placed on member hold with U.S. Ski & Snowboard. This hold will prevent your athlete from training or competing in U.S. Ski & Snowboard sports.

What now?

On the reverse of this letter is a form that must be completed by a licensed health care provider who is trained in the evaluation and management of a concussion and who has, within three years before the day on which the written statement is made, successfully completed a continuing education course in the evaluation and management of a concussion. This form needs to be returned to me before your athlete can be removed from member hold.

Once this form is submitted, your athlete will be removed from member hold as soon as possible; however, please know that depending upon timing this may take up to 48 hours.

A listing of some trained medical professionals can be found here impacttest.com While this list is not exhaustive, it is a starting point. You may also check with your primary care physician for a referral.

We understand that you are anxious to get your athlete back to training and competition and we will work to facilitate that return as soon as possible. However, we cannot allow that return to training and competition until the athlete is cleared.

For more information on concussions, please see the resources at the U.S. government's Centers for Disease Control and Prevention cdc.gov/headsup.

If you have any questions, please let me know.

2nd RUN START LISTS

621.11.2

In competitions with two runs, the starting order for the second run is determined by the result list of the first run. A standard second-run start list reverses the fastest 30 competitors from the first run; this is the “bibbo.” **The Jury may choose to reverse 15 but they must announce this 1 hour prior to the start of the first run.**

The following steps should be followed in order to create a correct Second Run Start List:

1. Rank all first run competitors in time order.
2. Remove DSQ competitors from the field unless they are being given a provisional second run.
3. Break all ties, regardless of where they occur, by ranking the tied competitor(s) with the higher bib number(s) before the tied competitor(s) with the lower bib number(s).
4. Verify the number of competitors that are to be reversed (bibbo).
5. Check for a tie at the reversal position.
6. If a tie has occurred at the reversal position – 30 or 15, include those ties in the reversal number. This will result in the lower bib number starting first and the racer with the fastest first run time starting 31/16 (with a 3-way tie at the reversal position, the racer with the fastest first run time would start 32/17, etc.)
7. Reverse correct number of competitors including ties, if applicable.
8. When ties occur elsewhere in the field other than in the reversed group, the tied racer(s) with the higher bib number(s) will start prior to the tied racer(s) with the lower bib number(s).

NOTE: Due to space constraints, reverse 15 is illustrated.

Guidelines Regarding Equipment Control and Equipment Protests at non-FIS Events

U.S. Ski & Snowboard has equipment standards that are imposed at all alpine events. Competition Equipment Rules can be found in the current Alpine Competition Guide and on the U.S. Ski & Snowboard website.

Equipment violations are subject to disqualification and other sanctions as determined by the Jury. The sanction may be against the individual competitor, or the competitor's coach if it is determined that he/she is complicit in the use of equipment known to be in violation of the rules.

1. Skis must be marked by the manufacturer with both the length and the radius. Unmarked skis will be grounds for disqualification.
2. At U.S. Ski & Snowboard scored alpine events, competition equipment will be subject to unannounced control.
3. At U.S. Ski & Snowboard non-scored technical events (GS and SL), equipment control will be dealt with only on a protest basis. However, the Jury cannot ignore obvious infractions.
4. In the case of all speed events (SG and DH, scored and non-scored) where the Jury has allowed control of equipment at the start for compliance, the athlete will not be allowed to start if their equipment does not meet the current marked specifications.
5. Unless a clear violation of equipment rules exists, e.g., no helmet, attached helmet camera, helmet camera mount, missing or broken ski brakes, missing or broken basket on a ski pole, etc., the Start Referee must not refuse an athlete's right to start. An athlete in a non-FIS event is allowed to personalize their helmet with the application of bling, stickers, glitter, etc. *The helmet shall have no spoilers nor protruding parts.*
6. The Start and Finish Referees' responsibility to monitor equipment and communicate to the Jury is critical in this process and should be reviewed by the TD at each event. TD instructions to these individuals must be clear. It is essential that the Start and Finish Referee communicate with and report their findings to the competition Jury.

Guidelines for Equipment Protests at any non-FIS event: The specifics for handling an equipment protest will be subject to TD and Jury protocol. Instructions must be clearly conveyed to the Team Captains.

1. The athlete must compete or intend to compete on the suspect equipment.
2. The Coach or Team Captain who observes the equipment that is suspect must alert the Start Referee of their imminent intention to protest the equipment being used by that competitor.
3. The Coach or Team Captain must formalize the protest, at the end of the run, with the written protest and the \$100 (one hundred USD) protest fee.
4. If the athlete has started, the Start Referee alerts the Finish Referee and the Jury, that there is a pending protest against equipment. The equipment must be evaluated or confiscated for evaluation when the competitor arrives in the finish.
5. Finish Referee should stop the competitor with suspect equipment and confiscate the suspect equipment pending the filing of the formal protest and Jury review. Confiscation should be witnessed, and third-party access to the confiscated equipment must be avoided.
6. Equipment protests cannot be considered or accepted if the suspect equipment has left the finish area.
7. If approved testing devices are available, or compliance can be confirmed by checking the manufacturer's marks, the Jury will then evaluate the equipment and render a decision regarding the equipment. The decision of the Jury shall be final.
8. If approved testing devices are not available, or the Jury is unable to reach a consensus, the Jury must seal and ship the equipment to the U.S. Ski & Snowboard National Office for evaluation. U.S. Ski & Snowboard's decision shall be final.
9. The Jury will use the \$100 (one hundred USD) protest fee to cover the initial shipping costs. The losing party will be charged by U.S. Ski & Snowboard for all expenses related to shipping and testing. Reimbursement must be submitted within 10 (ten) working days of notice of U.S. Ski & Snowboard's decision.

Acceptable equipment control devices for non-FIS event alpine equipment evaluation include:

- Reliable Racing stand height calipers
- FIS-approved equipment-testing devices

FIRST REPORT OF ACCIDENT INSTRUCTIONS

Whenever significant injury occurs that you believe may lead to an insurance claim, an incident report must be completed and sent to The Buckner Company through their online reporting portal. From the webpage <https://buckner.com/us-ski-and-snowboard>, click on Important Links and then Incident Reporting. Once complete, click the Submit button. It is recommended that you keep a copy for your file. Alternately, a physical copy of the form can be filled out and sent to Jeff Weinman (compservices@usskiandsnowboard.org). The completed form should also be included with a result packet.

Mailed reports that are separate from a result packet and which have not been completed online, emailed or faxed should be sent to

Jeff Weinman
Competition Services
U.S. Ski & Snowboard
PO Box 100
Park City UT 84060

In the case of a suspected concussion, the form **MUST** be immediately submitted by email or by fax (435.940.2770) so that the athlete can be placed on member hold pending an evaluation by a certified medical professional.

Incident reports should be completed whether the person involved is a participant or a spectator.

Although you may not have sufficient information to answer all the questions, it is important that the form be completed as fully as possible including athlete name, national ID, injury date and injury information and competition information if applicable. Please list facts only; speculations should be avoided. Do not delay sending in the report form; an incomplete form is better than none at all.

If you have any question regarding completion of the form, please The Buckner company at 801.937.6695.

In case of serious injury, immediately notify Jeff Weinman (435.647.2030) or/and The Buckner Company at 801.937.6695 - if after hours, please leave a message and you will be contacted right away.

This can be found under the Schedule Agreement area of the club login. A form showing the expected Head Tax for National, Regional and Divisional (not all Divisions have

supplied Head Tax information for inclusion in the calculations) can be printed, verified against your calculation and returned with required Head Tax payments. If U.S. Ski & Snowboard's calculation shows a different amount due, and payment is being submitted by mail, either contact Competition Services and provide them with the names of those athletes for whom Head Tax was not collected or include "Head Tax Exemption Sheet" with payment. *Refer to MPF #47 Head Tax Procedures for information regarding calculation of Head Tax. (Online credit card payment will be accepted for verified amounts due.)*

If an OC chooses to use U.S. Ski & Snowboard's online race registration system, the OC needs to login to the Event Administration System using the **club login** to see their Head Tax owed and registration amount collected. Once amount due **has been verified** and agreement is reached, U.S. Ski & Snowboard will forward the entry fees to the OC.
